

Annual PhD Students meeting 2015

"Novel technique in science"

Thursday 26th May 2015 - University of Neuchâtel

UniMail, Petit auditoire de chimie GPA (building G)

8.15 - 8.50	Registration and hanging of posters
8.50 - 9.00	Welcome by Ted Turlings (Director of the Doctoral Program)
9.00 - 10.00	Prof. Serge Pelet University of Lausanne (UNIL) Title: Dynamic analysis of single cells
10.00 - 10.30	Coffee Break
10.30 - 11.30	Prof Holger Puchta Karlsruher Institut für Technologie (KIT) Title: DOUBLE-STRAND BREAK INDUCED GENOME ENGINEERING IN PLANTS
11.30 - 12.25	Student's short talk session (n°1-6)
12.25 - 13.15	Lunch Break (hall building G)
13.15 - 14.10	Student's short talk session (n°7-13)
14.10 - 15.10	Prof. Ralph Schlapbach Swiss Federal Institute of Technology in Zurich (ETHZ) Title: Biology at the Omics scale - Technology shaping life science research
15.10 - 15.40	Coffee Break
15.40 - 16.40	Student's short talk session (n°14-19)
16.40 - 17.30	Advanced PhD talk session
17.30 - 18.30	Apero
