

Plant Survival: A Story of Sex, Violence and Light

After 12 years of research, the NCCR *Plant Survival* will reach the end of its mandate. We will celebrate the many achievements with a festive final meeting* in Neuchâtel on January 23-24, 2013. Poster presentations and lectures by renowned researchers will highlight several of the scientific success stories.

speakers

- John Pickett
- Robert Raguso
- Spencer Barrett
