

Université de Neuchâtel

Faculty of Economics
and Business

The University of Neuchâtel invites applications for
a position of

Professor in Applied Macro-Economics

Job description: The successful candidate will teach in the Bachelor of Science in Economics program and in the Master of Applied Economics. The tenured person will be interested in the quantitative analysis of macroeconomic issues relevant for private and public entities, including at the regional level, and for macroeconomic questions related to monetary and exchange rate policies.

Requirements: Candidates should have a PhD in Economics or a related field, strong teaching abilities and a record of publications in leading academic journals or ongoing research with strong potential. A good knowledge of the Swiss macroeconomic policies and the institutions in charge of them would be an advantage. The teaching languages are French and English. Non-French speakers are expected to teach in French after a two-year period.

Starting date: August 1st, 2023 or upon agreement.

Deadline for applications: June 30th, 2022.

Applications should be uploaded onto www.unine.ch/candis (ref. FSE-Ma_Eco_appl) in the form of **a single pdf file** including a motivation letter, a CV documenting full teaching and research experience, a list of publications, copies of diplomas and a list of experts able to assess the candidate's competence (with at least three names). The candidate is also invited to present a statement (three pages max.) of teaching and research interests, her/his scientific approach to the domain, and projects that she/he intends to undertake at Neuchâtel.

Information: For further information, please visit the Faculty website at www.unine.ch/seco, or contact the Head of the Hiring Committee (jean-marie.grether@unine.ch) or the Dean (doyen.seco@unine.ch).

The University of Neuchâtel is committed to provide non-discriminatory working conditions.
