

IBIOL EXTERNAL SEMINAR

13 MARCH 2025

12:15–13:15

ROOM F200

Cédric Feschotte

Cornell University, USA

TRANSPOSABLE ELEMENTS AND REGULATORY EVOLUTION

Cédric is one of the world's foremost experts on what is called the "mobile genome". Elements of the genome that seemed "junk" but the past decades revealed a multitude of astonishing functions conferred by these elements all the way from immunity against diseases to the color of fruits.
