

**SXS (Space Exchange Switzerland) invites you to apply to**

**ESA 2026 Internship programme: 300+ positions!**

300 ESA Internships for 2026 in Engineering, Natural Sciences and Earth Observation, Robotics, Cyber Security, IT, Data sciences but also in Law, Business, Communication are online from 1 to 30, November, 2024.

**Get your ESA Internship  
deadline : 30 November [Apply](#) !**

Dare applying to ESA, choosing among the [300 internship positions](#) across all ESA locations in Europe. Select an internship in the area that most fits with your studies and with your aspirations. Write your Motivation Letter carefully, showing how your choice corresponds to the internship position in ESA (use keywords). Include all situations in which you got to know ESA - e.g. career event, ESA academy, participation in ESA event. Reach out to Professors who could help you choose your path of growth, ask for a Recommendation Letter, and attach it to your application. If you have an important deadline, within which you need a reply from ESA, write this date and the reason why, in the section "*provide any specific information*" of your application. ESA will accept a maximum of 2 applications. Apply [here!](#)

**Get advice**

You can boost your application with :

- Advice from [ESA Intern and former YGT](#).
- Registration in the [SXS career list](#).
- [Video tutorial](#) for an impactful application.
- Personal counselling from SXS : [Book here](#) (deadline: 20 November)

**Get a Grant**

SXS, Space Exchange Switzerland and Movetia offer the Swiss European Mobility Program Grant for Internship. If you are a student enrolled at a Swiss University who will be doing an Internship at ESA, NASA, JAXA or a European Space Company (min. 2 months) you might apply for a grant.

> **Check** if you [may be eligible](#).
