

NGWA'S STUDENT MEMBERSHIP

Students, you are the future of the groundwater industry. If you are studying in groundwater-related programs, whether in a university, community college, or a drilling school, take advantage of NGWA's free student membership.

Advance your studies and increase your groundwater knowledge:

- Member pricing on NGWA educational programs and bookstore items
- Digital subscriptions to *Groundwater*®, *Groundwater Monitoring & Remediation*®, and *Water Well Journal*®.

Build your professional network in the groundwater industry:

- Connect with other groundwater professionals through NGWA's Young Professional/Early Career education events and LinkedIn Group
- Attend NGWA conferences, including the Science & Engineering Forum at Groundwater Week at a reduced student rate
- Present academic papers and posters to be considered for NGWA's Farvolden Scholarships
- Showcase your skills and work experience to prospective employers in NGWA's Career Center
- Serve the groundwater community by joining on a committee or work group.

Student Membership: \$25, valid for up to four years or until graduation
