

Seminars by externals series Biology

Spring 2024

This seminar takes place on Thursdays, 12h15 – 13h15, in the Auditoire Louis-Guillaume.

| Date | Inviting Group | Speaker | Title |
|--------|---|---|---|
| 22-Feb | (PARASIT- ECOL+EPID) Jacob Koella | Joshua Brian Kings College London, UK | Parasites in biodiversity conservation <i>webex video conference:</i> https://unine.webex.com/meet/thomas.degen |
| 29-Feb | ECO-ETHO | Rui Oliveira Gulbenkian Institute, Lisbon, Portugal | Of fish and flies: evolutionary neurobiology of social behavior in zebrafish and <i>Drosophila</i> |
| 7-Mar | MICRO-BIOL | Claire Stanley Imperial College London, UK | SOIL-ON-A-CHIP: Deciphering the secret life of soil microbes using novel microfluidic platforms |
| 14-Mar | BIOMOL+CEL | Lothar Kalmbach University of Freiburg, Germany UniNE (September 2024) | Cell wall modifications during phloem development |
| 21-Mar | CO-GNITION | Alexander Mathis EPFL | Measuring behavior and modeling the brain with machine learning |
| 28-Mar | EVOL GEN | Clément Gilbert CNRS/Paris-Saclay | Horizontal transfer of transposable elements in animals |
| 18-Apr | CONSBIO | Patrick Waeber Berner Fachhochschule | Navigating challenges and seizing opportunities in landscape management - a gameplay approach |
| 25-Apr | BIODIV GENOM | Tanja Schwander University of Lausanne | Evolutionary consequences of parthenogenesis and the loss of sex: Insights from stick insects |
| 2-May | MICRO-BIOL | Cara Magnabosco ETH Zurich | Life in the Swiss Underground: from natural ecosystems to green energy |
| 23-May | FUNCT ECOL | Cleo Bertelsmeier University of Lausanne | Insect invasions in the Anthropocene |
| 30-May | SOIL BIODIV | Sarah Marie Gray University of Fribourg | Ecological insight from miniature worlds: research with <i>Sarracenia purpurea</i> microcosms |

Coordinator: Thomas Degen, thomas.degen@unine.ch
