

The Chair of Innovation Management (Prof. Emmanuelle Reuter) of the Institute of Management within the Faculty of Economics and Business is offering a part-time (eq. 60%) position as

Postdoc in Innovation Management/ Organization Studies

starting August 1st or upon agreement.

Your Responsibilities

Research

- Conducting independent research projects within the chair's key research areas with the goal of publishing research in the field's top-tier academic journals.
- Contributing to research and scholarly activities, including research funding applications.

Teaching

- Teaching 6 ECTS per year related to (innovation) management.
- Supervising and mentoring students in their Bachelor and Master's theses.

Administration and service

- Contributing to institutional development.

Your Profile

- A distinguished PhD degree in business administration or in a related discipline.
- Strong interest in our key research areas: innovation and change, innovation and sustainability, business ecosystem leadership, business and regulation, managerial and organizational cognition, organization theory, qualitative research.
- Demonstrated expertise in qualitative and/or quantitative empirical research methods.
- Deeply committed to conducting independent research.
- Ability to work both independently and collaboratively in an academic environment.
- Ability to work in a multicultural environment.
- Teaching experience is an asset.
- Excellent command of English (oral and written). French is an asset.
- Strong publication potential (as demonstrated by publications or submitted papers).

We offer excellent conditions

- Opportunities for engagement within the international scientific community, including regular participation in international conferences.
- Engagement in high-impact research projects.
- Salary: 94'000 to 99'000 CHF (1st to 3rd year) for someone employed at 100% (~104'000 to 109'000 EUR).
- The appointment will be eq. to 60% employment with the possibility of temporary increase subject to the availability of research funding.
- Contract duration: 3 years (renewal after first and second year)
- Attractive working environment.

University background

The University of Neuchâtel has ~4'500 students who benefit from top-level academic trainings with excellent support. It is one of the most international universities in Switzerland, with about 100 nationalities present and a quarter of students coming from abroad. Ideally located between Geneva and Zürich, in the heart of Europe, it is a perfect place to undertake high-level research in an idyllic setting between lake and mountains.

Application procedure and deadline

The application files, including statement of interest, CV, copies of diplomas with grade transcripts, a representative scientific work as a first author (e.g. working paper), GMAT or GRE scores if available, two references, should be uploaded via this application form:

https://neuchatel.eu.qualtrics.com/jfe/form/SV_7V9z6HWpwuwgdcW

Applications will be reviewed on a rolling basis until the position is filled. UniNE provides non-discriminatory working conditions.
